時光流轉，歲月如歌，我們的學年在繽紛多彩的活動中悄然接近尾聲。今年中秋，我們共聚一堂，猜燈謎、話團圓，月光如水灑落，每一聲笑語都洋溢着傳統文化的韻味；我們曾深入劇本殺的邏輯迷宮，挑戰智慧的極限；年宵市場上，琳琅滿目的商品彷彿生活的縮影，我們穿梭其中，既提升了社交能力，又領略到生活的五彩斑斕；小滿時節，我們親手播下小麥的種子，象徵着希望的播種，期盼着豐收的喜悅；而在電影院的燈光下，我們穿越時空隧道，與銀幕上的故事共鳴，感受不同人生的悲歡離合。

這些活動，如同我們青春的璀璨星辰，不僅點綴了我們的成長之路，更是我們心靈的饕餮盛宴。它們讓我們在歡笑與淚水中成長，在探索與體驗中領悟生活的深刻內涵。在這裏，我們書寫着青春的華章，編織着難以忘懷的回憶，這些都將成為我們人生寶貴的財富。

**5B 16 Lovepreet Kaur**  
**5B 7 Gurung Pragati**  
**Teacher-in-charge: Mrs Hery (CSM2)**  
**Teacher Members: Miss Sims, Miss Leung (LSJ), Miss Emi**

Although being the chairlady was an immense challenge for me, with a whole lot of tasks and deadlines, I faced them with confidence. I'm appreciative of all the members and helpers for giving me a helping hand. I look forward to seeing more fun English activities in the future!

# ASSOCIATION

# FOREIGN CULTURE CLUB

This year, the Foreign Culture Club organized several engaging activities. For the Lunar New Year, we held a booth featuring henna art and traditional snacks. We also collaborated with the English Association and UNICEF for the first and second OLE Days, which included a game about murder mysteries and a trip to Ocean Park.

The students participated enthusiastically, working together to solve the murder mysteries. After solving all the mysteries, we enjoyed watching Ratatouille together.

It was a privilege to organize all these activities and share the diverse cultures represented by our club with the rest of the school community.

OLE Day

Mathematics is indeed a difficult subject for many students. The most effective way to improve mathematics is not solving thousands of questions correctly, but to learn from one single question you did wrong. No matter how far your goals are, it's never too late to work hard. Thus, we organised different games and activities to arouse students' interest in maths and boost their mathematic skills and knowledge. We hope everyone can enjoy doing maths and try their best!

Quick quiz:

$$1+2+3+\dots+97+98+99=?$$

Ans: 4950

# PHYSICS

$$d \sin \theta = n \lambda$$

# SOCIETY

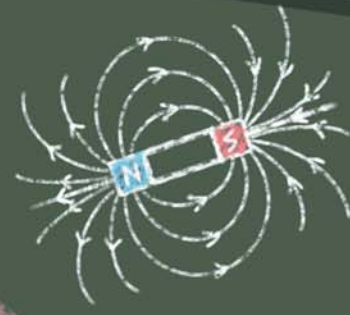

This year, Physics Society organized lots of different activities for our schoolmates like the bridge building competition and stargazing camp. Our participants learned a lot from these activities. In the future, we will keep providing different entertaining activities for our schoolmates.

# Biology & Integrated Science Society

Biology & Integrated Science Society organized many activities this year such as the Strawberry DNA Extraction Workshop, Leaf Vein Bookmark Workshop and Handmade Soap Making Workshop. We also held amazing activities for our OLE Day like the Animal Assisted Intervention Service Workshop and Star Gazing Camp. By organizing these activities, we built a strong bonding with our members as it enhanced our team spirit and cooperation.

*In this school year, we organized many activities during Info Day, New Year Bazaar and OLE Day. Through these activities, we enhanced our leadership skills and social skills. We are glad that students enjoyed participating in our activities. These precious memories are unforgettable. We hope that the Business Society can continue helping students pursue their interest in business.*

# T&L

*This year's events were more captivating than ever. We not only learned about the local culture in Cheung Chau but also sold charming food-shaped earrings at the New Year Bazaar. We distributed apples to our schoolmates hoping that everyone can maintain good health while studying. These activities fostered closer bonds between members and enhanced our communication and collaboration skills.*

# Music Club

This year we organised various activities.

1. **Open Day and Info Day:** We held the Primary School Music Competition for primary school pupils of Tuen Mun, Yuen Long and Tin Shui Wai. Our members assisted teachers to monitor the progress of the competition so that the competition could be conducted smoothly. We learned a lot while holding this event.
2. **New Year Bazaar:** We set a small stall to let our schoolmates play musical games. Our schoolmates enjoyed that day very much.
3. **Music Contest:** This is a big annual event in our school. During the preparation of the Music Contest, we needed to cooperate with SC, backstage, lighting, and the multi-media team. We are glad that we got positive responses from both our teachers and schoolmates.

We have provided a good opportunity for students to develop a sense of connectedness, strengthen their physical fitness, integrate sports into campus life and build a healthy campus.

We held different sports activities including the Teacher-Student Dodgeball Competition, F.1 student Dance Experience and Kinball activity this year. It allowed students to get in touch with current emerging sports.

Work hard and play smart for yourself, your class and your house. Stay positive and optimistic at all times!
